RE: ADDENDUM NO. 1: TENDER NUMBER KUTRRH/TNDR/G/014/PMS/2023-2024, PROVISION OF PARKING MANAGEMENT SYSTEM.

The above is to provide clarification on the following of the above-mentioned tender:

Clarification/Amendment: We write to seek clarification regarding the clauses below.

We hereby request the addendum on the following tender requirement.

- A) Bidder must Submit Radiation Board License/Nuclear Authority License
- B) Bidder must Submit be registered with Communications Authority Kenya as telecommunications Contractor
- C) Tender closing date
- D) . Bidder must Submit ICTA Certificate category 6 and above, ICTA Networks
- E) FINANCIAL EVALUATION on these two items
 - Financial Evaluation will be carried out on lowest cost basis for Equipment
 - Kenyatta University Teaching, Referral and Research Hospital will award the items to the lowest evaluated responsive bidder for the equipment.

Sir/ Madam below is OUR REQUESTS:

1.) Bidder must Submit Radiation Board License/Nuclear Authority License
We request this item to be replaced with other requirement for parking management system (PMS) like manufacturers Authorization, office location details or lease agreement etc. or rescinded.

2. Bidder must Submit to be registered with Communications Authority Kenya as telecommunications Contractor.
We request for this requirement to be amended as follows:

On this requirement PMS is required to have only content service provider from Communication Authority due to applications/could base payment among others and it could be better if we are given options to have either of one

3. Tender closing date.

Since the bid entails various detailed proposal on system operations, lay outs, system use, reporting etc. we request for extra two weeks of bidder must Submit to be registered with Communications Authority Kenya as telecommunications Contractor. Closing date i.e. pushing to 30th of November 2023

4. Bidder must Submit ICTA Certificate category 6 and above, ICTA Networks

What if one has accreditation from ICT Authority on system and application and please note PMS is more of application and API bases unlike physical end to end networks due to user need and emerging market demand and technological up-grade and Covid compliance system i.e. touch less

5. FINANCIAL EVALUATION

On these items please note that we have two ways of PMS contract.

One is simply Supply and delivery where the procuring entity procures at a cost and manages by themselves and the second way is the revenue share where both the procuring entity and the operator of the PMS share a revenue of percentage basis for agreed period of contract term and in this case a financial compliance form is introduced as a form of tender besides mandatory form of tender to show compliance. In furtherance to these bidders May be required to project/estimate revenue volume based on parking slots and vehicular movements in addition to various nitty-gritties on banking/payments/invoicing etc.

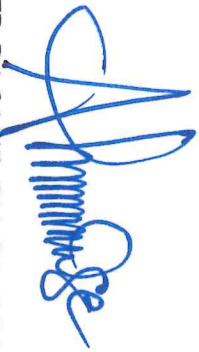

We therefore, request you to kindly relook into this aforementioned aspect and clarify accordingly. We shall be grateful for your prompt feedback.

Amendment;

1. *Radiation board license/Nuclear Authority License is not required for this tender and will not be subjected to evaluation as a mandatory requirement.*
2. *Bidder must be registered with Communications Authority Kenya.*
3. *Tender closing date. Since the bid entails various detailed proposal on system operations, lay outs, system use, reporting etc. we request for extra two weeks of Bidder Must Submit to be registered with Communications Authority Kenya. Closing date i.e. pushing to 30th of November 2023. New Closing date will be 24th November 2023; 10:00 a.m.*
4. *Bidder must Submit ICTA Certificate category 6 and above, ICTA Networks; What if one has accreditation from ICT Authority on system and application and please note PMS is more of application and API bases unlike physical end to end networks due to user need and emerging market demand and technological up-grade and Covid compliance system i.e. touch less. Bidder must Submit ICTA Certificate category 6 and above, ICTA Networks to remain as is.*

The new Closing Date will be 24th November 2023; 10:00 a.m. All other terms and conditions remain unchanged.

END OF TENDER ADDENDUM
